This will be an interactive morning facilitated by Exchange House Ireland National Traveller Suicide Prevention Service and Blanchardstown Traveller Development Group. We welcome and invite all community, voluntary and statutory mental health organisations in the Dublin 15 area to attend and participate

The morning will look at

- Traveller culture
- How culture influences our mental health
- The experiences of Travellers using mental health services and mental health services experiences with the Traveller community
- How can we support each other working with Travellers who have mental health difficulties
